Table of Allotments)
FM Broadcast Stations)
(Beeville, TX)

To: John Karousos, Assistant Chief
Audio Division of the
Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 246A at Beeville, Texas.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 246A to Beeville, Texas as that community's second competing commercial FM service. Beeville, Texas is an incorporated city with a population of 3,794.¹ Beeville has its own mayor, Kenneth Chesshir, city manager, Ford Patton, school system, fire department, post office, library and a number of local churches. Beeville is a community that is certainly deserving of a second competing commercial FM service. The proposed channel 246A will provide additional diversity and an outlet for local self-expression to Beeville residents and therefore is in the public interest.

In order for Channel 247A to fit at Beeville, Texas, station KAJA Channel 247C at San Antonio, Texas must be reclassified to a C0. (See, Attachment A, Request to Reclassify Statement)

¹ According to the Texas Almanac 2002-2003

JUL 15 2003

FCC-MAILROOM

Attached hereto is a channel study confirming that Channel 246A can be allocated to Beeville, Texas, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). (See, Attachment B)

Reference coordinates for Channel 246A at Beeville, Texas are:

28 24 48 N
97 36 42 W

Should this petition be granted and Channel 246A be allotted to Beeville, Texas, Petitioner will apply for Channel 246A at Beeville and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Charles Crawford
4553 Bordeaux Ave.
Dallas, Texas 75205

Dallas, Texas 75205

Petition for Rule Making
FM Channel 246A
Beeville, Texas
July 8, 2003

Attachment A

Request to Reclassify
Station KAJA(FM), San Antonio, Texas
Pursuant to MM Docket 98-93

Radio Station KAJA(FM), San Antonio, Texas is licensed to CCB Texas Licenses, L.P., 2625 S. Memorial Drive, Suite A, Tulsa, Oklahoma, 74129, (Facility ID 11919), FCC File No. BMLH 20010412AAK. The facility operates with a power of 100 kilowatts with center of radiation 300 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station KAJA(FM) be modified to specify operation on FM Channel 247C0 instead of on FM Channel 247C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

Charles Crawford, the proponent of Channel 246A/ Beeville, Texas, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KAJA(FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Beeville, Texas as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on CCB Texas Licenses, L.P., as is required in the above Docket.

Charles Crawford
